September 2022 – October 2023

Woodbridge Psychological Associates, PC, Woodbridge, VA

Postdoctoral Resident

Supervisors: Brandie Bartlett, Psy.D

Jennifer Marshall, Ph.D.

William Stejskal, Ph.D.

One-year 2,000 hour residency position with a focus on general and forensic assessment to include primarily: child custody and parental capacity evaluation, ADHD and autism assessment, competency to stand trial and mental status at the time of the offense evaluation, and psychosexual/ violence risk assessment. As part of the residency, residents also maintained a small therapy case load, conducted psychological testing, observed expert testimony, and provided consultation to attorneys and agencies. Residents also provided parent coordination, reunification therapy, and supervision of parent/child visitations.

Relevant Work Experience Cont.

September 2021 – August 2022

Southeast Human Service Center, Fargo, ND

APA Psychology Intern

Supervisors: Kelly Smith, Ph.D.

Blake Gilbert, Ph.D.

Full time 2,000 hour APA accredited internship, primarily assessment focused. Interns spent the first rotation completing parental capacity evaluation and the second rotation completing sexual violence risk assessments of adults and juveniles. Other types of assessment included: neuropsychological screenings, psychodiagnostics evaluation, and disability evaluation. Interns were also responsible for a small individual and group therapy caseload. Interns conducted trainings for staff and clientele. Supervision, case conferences, and didactics were also emphasized throughout the year.

August 2020 – March 2021

EAS Winchester, Winchester, VA

Clinical Extern

Supervisor: April Szilagyi, Psy.D.

Conducted forensic evaluation under the direct supervision of Dr. April Szilagyi including: threat risk, competency to stand trial, mental status at the time of the offense, parental capacity, violence risk, sexual violence risk, guardianship, public safety pre-employment, and court ordered mental health and substance use evaluations. Externs wrote reports in a timely manner and provided feedback to clients as necessary. Externs also worked with various departments of social services to assist in treatment planning.

July 2020 – August 2021

Sibley Memorial Hospital, Washington, DC

Psychiatric Technician

Supervisor: Carolyn Sabina, Psychiatric Nurse Manager

Technicians were required to assist in safety management as well as to assist in providing structure to patients' day to day life on the unit. When not working on the unit, technicians also assisted in electroconvulsive therapy treatment and recovery. Technicians were responsible often for leading groups on the unit such as psychoeducation, art activities, or recreational activities. Technicians were also responsible for accurate documentation of groups and patient safety.

Relevant Work Experience Cont.
